Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

- (Previously Presented) A land vehicle having a material handling apparatus, comprising;
 - a support structure coupled to a plurality of weight bearing elements;
 - a cab coupled to the support structure;
 - a riser having a first telescopic actuator, the riser coupled to the support structure;
 - a boom having a second telescopic actuator, the boom coupled to the riser;
 - a jib having a third telescopic actuator, the jib coupled to the boom;
 - a hook coupled to the jib;
 - a first hydraulic actuator coupled to the support structure and the riser;
 - a second hydraulic actuator coupled to the riser and the boom;
 - a third hydraulic actuator coupled to the boom and the jib;
- a control apparatus coupled to the actuators and operable to move the riser, the boom, and the jib in a telescoping mode and an articulating mode to manipulate material coupled to the hook.
 - (Cancelled).
- (Previously Presented) The land vehicle of claim 1, wherein the weight bearing elements comprise wheels.
- (Previously Presented) The land vehicle of claim 1, wherein the control apparatus is operable from the cab.
 - (Cancelled)
- (Previously Presented) The land vehicle of claim 1, including a fourth hydraulic actuator coupled to the jib and the hook and operable to articulate the hook.

- (Previously Presented) The land vehicle of Claim 1, wherein the telescopic actuators are selected from a group including a hydraulic machine, a pneumatic machine, and an electric motor.
- 8. (Previously Presented) The land vehicle of claim 1, wherein the control apparatus is operable at a location remote from the cab.
- (Previously Presented) The land vehicle of claim 1, including an outrigger assembly coupled to the support structure.

10-19. (Cancelled).
